Hold His Hand: Walking With Your Father

(1 hour)

God created us to have a relationship with Him. We don't have to go through life on our own. Rather, we can respond to God's offer and hold His hand as we walk through our valley experiences and celebrate on the mountaintops. How do we keep Him that close? Why would we want to? What difference can it make? Whether you're new to the family of God or a longtime member, you'll be refreshed. Those who haven't yet made a commitment to Christ may learn something new so they can say "Yes" to Christ!

Net-Dropping: The Choice to Become a Disciple

(1 hour)

Jesus Christ says to each person, "Come, follow Me." But, some of us think more about following God's commands than following God. That's a mistake. Jesus says, "Follow Me." But, how? In rich detail Kathy will explain a key decision that must be made in order to fully follow Christ. This relevant and important message will meet needs wherever you are on your spiritual journey. You will be encouraged and challenged to further spiritual maturity.

Psalm 23: A Psalm to Live By

(1 hour)

Like others, you might think you know Psalm 23. But, do you really? Perhaps you've memorized it, but do you understand all the rich messages that are relevant for today's quick-paced times? The Shepherd makes us, leads us, restores us . . . the verbs are so vivid and comforting. And, have you paid attention to the places? The sheep don't just spend time in a valley! You'll enjoy and greatly benefit from Dr. Kathy's dynamic, practical, and accurate phrase-by-phrase teaching of this Psalm to live by.

Under the Influence: Followership, a Prerequisite for Leadership

(1 hour)

Although it's easier to find books and classes on leadership, studying "followership" may be more important. We become like those we follow so we should be strategic in deciding who to listen to and who to be influenced by. We must be the best people we can be! What would you benefit from learning? Who has God given you who can help you learn this? You'll learn a very practical, revealing, and enjoyable method of regularly asking and answering these key questions. Kathy will explain why she listens to the voices she listens to and people will be invited to share, as well. Following equips us to lead.
